- 62 Which of the following is an example of a force?  
a. Reading a book      **b. Throwing a ball**      c. Drawing a picture
- 63 The most important meal in our diet is \_\_\_\_\_.  
a. **Breakfast**      b. Lunch      c. Dinner
- 64 What do we use to smell things?  
a. Eyes      **b. Nose**      c. Ears
- 65 What do living things need to breathe?  
a. Water      **b. Air**      c. Food
- 66 Which food group provides us with energy?  
a. Fruits and Vegetables      b. Protein Foods      **c. Grains and Carbohydrates**
- 67 Which comes from plants?  
a. **Cotton**      b. Plastic      c. Metals
- 68 What is a healthy snack option?  
a. Cookies      **b. Carrot sticks**      c. Ice cream
- 69 A veterinarian is \_\_\_\_\_ doctor.  
a. Plant      **b. Animal**      c. Human
- 70 Which part of our body helps us walk and run?  
a. **Legs**      b. Arms      c. Head
- 71 What must be done to water to change it into ice?  
a. Cool      b. Boil      **c. Freeze**
- 72 What can we do to reduce air pollution?  
a. Use more plastic      **b. Plant more trees**      c. Burn more trash
- 73 Where do penguins live?  
a. Jungle      **b. Antarctica**      c. Volcano

74 What do plants need to grow?  
a. **Sunlight, air, and water**      b. Plastic, cement, and steel      c. Fire, rocks, and paper

75 Which of these materials are manufactured?  
a. Nylon      b. Clay      c. Plastic      **d. A and c are correct**

76 What material is used to make roads?  
a. Wood      **b. Concrete**      c. Metal

77 Which of these animals is endangered?  
**a. Tiger**      b. Pigeon      c. Cockroach

78 Tongue is used for \_\_\_\_\_.  
a. Hearing noises      **b. Tasting food**      c. Touching things

79 Which part of your body do you use to hear?  
**a. Ears**      b. Hands      c. Feet

80 Our teeth can rot and get holes if we eat food that have a lot of  
**a. Sweet**      b. Salt      c. Spices

81 How many teeth adult have?  
a. 30      b. 31      **c. 32**

82 What is composting?  
a. Throwing trash in the river      **b. Turning organic waste into nutrient-rich soil**      c. Burning garbage

83 What do plants need to grow?  
**a. Sunlight, air, and water**      b. Toys and books      c. Music and movies

84 Why is it important to wash your hands regularly?  
a. Because it's fun      **b. To prevent the spread of germs and illness**      c. Because it makes your hands smell nice

85 What gives us light and heat?  
a. Water      **b. Sun**      c. Wind

- 86 What is the organ that pumps blood in our body?  
a. Brain                      **b. Heart**                      c. Lungs
- 87 Which part of our body helps us breathe?  
a. **Lungs**                      b. Eyes                      c. Ears
- 88 What do animals need to eat to stay healthy?  
a. Rocks                      **b. Food**                      c. Stones
- 89 Which food group helps us grow strong bones and teeth?  
a. **Dairy**                      b. Protein                      c. Sweets
- 90 Plants are \_\_\_\_\_ source of food for humans.  
a. **Essential**                      b. Unessential
- 91 Shark live in  
a. **Sea**                      b. River                      c. Pond
- 92 Which part of our body helps us taste food?  
a. **Tongue**                      b. Ear                      c. Eye
- 93 Which body organ helps us to hear sounds?  
a. Nose                      b. Mouth                      **c. Ear**
- 94 Is swings are \_\_\_\_\_ things?  
a. Living                      **b. Non living**                      c. None
- 95 What nutrient helps in building strong bones and teeth?  
a. Protein                      **b. Calcium**                      c. Vitamin C
- 96 Which force keeps us on the ground and not floating away?  
a. **Gravity**                      b. Magnetism                      c. Wind
- 97 What is another word for the environment?  
a. **Nature**                      b. Building                      c. Vehicle
- 98 Teeth help to cut pieces of our food are:  
a. Molars                      b. Premolars                      **c. Incisors**
