

TSD/OMR/COMM/1523/2024
Date: December 03, 2024.

Dear Principal/Head of Institution,
Best Wishes!

We are delighted to extend an official invitation to your esteemed institution for **The Knowledge Nexus: Global Quiz Challenge 2025**, welcoming participants from all around the world. This event is designed to inspire and challenge young minds in the fields of **English and science**. By uniting students across diverse countries and cultures, our competition aims to foster creativity, enhance critical thinking, and encourage students to engage in global communication and scientific exploration on an international stage. Join us in this exciting journey to ignite young talents worldwide!

Enhance Your Institution's Reputation for Academic Innovation: Participation in our competition places your school among leading institutions in the region, known for encouraging innovation, global awareness, and intellectual growth.

Build Connections with Esteemed Schools Worldwide: "The Knowledge Nexus" fosters a network of prestigious institutions from across the globe, enabling schools to connect, share ideas, and grow together in a spirit of collaboration and innovation.

Why Participate?

- Challenge Yourself:** Discover and sharpen your academic skills in English and Science.
- Boost Critical Thinking:** Engage in tasks that enhance problem-solving and analytical abilities.
- Gain Global Exposure:** Compete with peers from around the world, broadening your horizons and gaining a truly international perspective.
- Build Confidence:** Develop essential skills like public speaking and collaboration.
- Earn Recognition and Prizes:** Showcase your talents and be rewarded for your achievements.
- Fun Learning:** Enjoy an exciting blend of competition and education.

We invite your esteemed school to participate and support your students in this educational journey. Please mark your calendars with the key dates for registration, syllabus disclosure, rounds of competition, result announcements, and prize distribution, ensuring timely participation and coordination.

Registration Fee: \$18 (07 OMR) (Non-Refundable)

Register before **December 30, 2024**, and the school will receive a **10% discount** on the registration fee.

To ensure your school's participation, we kindly request that you complete the registration process with TSD before the **deadline on January 20, 2025**.

For further details on registration and participation, please refer to the enclosed information or visit our website.

Thank you for your continued support in nurturing the next generation of leaders and innovators.

Best Regards,

Event Coordinator

ENGLISH

Unleash your creativity and sharpen your linguistic skills as you craft narratives and persuasive texts. Whether you're tackling simple spelling patterns or diving into more complex structures, this challenge will develop key language abilities. The English competition focuses on the following areas:

Punctuation: Master the use of punctuation to convey meaning and create rhythm in your writing.

Spelling: Tackle a wide range of spelling patterns, from basic to advanced levels.

Syntax and Grammar: Build grammatically sound and elegantly structured sentences.

Text Purpose and Structure: Understand how different text structures serve specific purposes and how to apply them effectively.

Error Correction and Proofreading: Polish your writing by identifying and correcting errors to produce flawless texts.

For Our Youngest Learners (KG, Nursery, Grades 1-2):

Tailored English content designed to ignite language and cognitive development through fun activities involving colors, numbers, alphabets, and shapes matching.

SCIENCE

Embark on a scientific journey through diverse fields like Earth and Beyond, Energy and Change, Life and Living, and Natural and Processed Materials. This segment encourages students to explore and apply scientific concepts, with a focus on:

Observing and Measuring: Sharpen your observation skills and learn how to measure and record scientific data accurately.

Interpreting Data: Analyze data to extract meaningful conclusions and insights.

Applying Data: Discover how data can be applied to solve real-world scientific problems.

Investigating and Higher-Order Skills: Delve into scientific investigations and develop higher-order thinking skills to address complex challenges.

For Our Youngest Learners (KG, Nursery, Grades 1-2):

Tailored science content designed to spark curiosity through engaging topics like animals, fruit names, and shapes matching, fostering early scientific understanding.

The Odyssey Unfolds in Two Stages

ELIMINATION ROUND (Online)

Mark your calendars for **February 3, 2025**. In this preliminary stage, contestants will face an exciting challenge - 20 questions in 20 minutes. Their performance will be assessed based on the number of correct answers; those scoring above 90% will qualify for the Grand Finale. Brace yourselves for a whirlwind of knowledge!
